# Knee-deep in Pandemia:

Plague Doctor Illustrations  
for the 21st Century

Created and Illustrated by Kurt Mitchell  
ed. Daivith Eideard Mitchell

In the early months of 2020, as the COVID-19 pandemic swept across the globe, New York City became the epicenter of the crisis in the United States. Hospitals were overwhelmed, the streets were deserted, and fear and uncertainty hung in the air. In the midst of this chaos, Sarah Wilson found herself knee deep in the pandemic, working as a nurse on the front lines of the fight against the virus.

*Knee Deep in Pandemia* is Wilson's harrowing and inspiring memoir of her experience living through those unprecedented months. She shares her firsthand account of the chaos, fear, and uncertainty that gripped the city, as well as the resilience and compassion that emerged in the face of adversity. Wilson's writing is both deeply personal and universally relatable, as she captures the shared experience of living through a global pandemic.

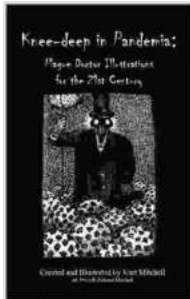

Wilson's journey begins in the early days of the pandemic, when the virus was still a mystery and the city was struggling to understand its impact. She describes the fear and uncertainty that pervaded the air, as well as the sense of isolation that came with social distancing and the closure of businesses. As the pandemic worsened, Wilson found herself working long hours in the hospital, witnessing firsthand the devastating effects of the virus. She shares stories of patients who fought for their lives, as well as the healthcare workers who risked their own lives to care for them.

Despite the darkness and despair, Wilson also finds moments of hope and resilience in her story. She describes the outpouring of support from the community, as well as the acts of kindness and compassion that she witnessed on a daily basis. She also shares her own personal journey of growth and transformation, as she learned to cope with the challenges of the pandemic and to find meaning and purpose in her work.

*Knee Deep in Pandemia* is a powerful and moving memoir that offers a unique perspective on the COVID-19 pandemic. Wilson's writing is both deeply personal and universally relatable, as she captures the shared experience of living through a global crisis. Her story is a testament to the resilience of the human spirit and the power of hope in the face of adversity.
