- Demystify the basics of accounting
- Explain financial statements
- Show you how to use accounting information to make better business decisions

Accounting Made Visual

The Accounting Picture Book is unlike any other accounting book you've ever seen. It uses bright and colorful illustrations to make even the most complex concepts easy to grasp.

For example, one illustration shows how a company's income statement is like a snapshot of its financial performance over a period of time. Another illustration explains the difference between assets and liabilities using a simple analogy.

Real-World Stories

In addition to its engaging illustrations, The Accounting Picture Book also includes real-world stories that show how accounting is used in the business world. These stories make the concepts you're learning come to life and show you how accounting can be used to make a real difference.

For example, one story tells the tale of a small business owner who used accounting to identify ways to cut costs and increase profits. Another story shows how a large corporation used accounting to make investment decisions.

Benefits of The Accounting Picture Book

The Accounting Picture Book is the perfect resource for anyone who wants to learn about accounting. It's perfect for:

- Business students
- Entrepreneurs
- Financial professionals
- Anyone who wants to improve their financial literacy

With The Accounting Picture Book, you'll be able to:

- Understand the basics of accounting
- Analyze financial statements
- Make better business decisions
- Improve your financial literacy
